

Home Group's KVAR KRUSHER – “TAP INTO GREEN ENERGY SAVINGS”

The Home Group KVAR KRUSHER Advantage

Whole house surge suppression

Reduces power when motors start, especially air conditioners

Raises power factor for most efficient delivery of service

Motors run quieter, smoother and more efficient.

Prepaid Energy Star built homes have a green energy allowance – ask your associate for details

Like installing “Energy Star on your whole house”.

The Home Group KVAR KRUSHER – How IT WORKS

Increases system capacity and reduces system losses in your electrical system by adding capacitors (KVAR generators) to the system. The power factor is improved and the KW capacity of the system is increased. Installed at the main of your 200AMP electrical service by a licensed electrician...seamless operation...

**Home Group's
KVAR KRUSHER – “TAP INTO GREEN ENERGY SAVINGS”**

MODEL NO. PHG 10-60 Auto-Adjust E-1 Residential

**"KVAR Krushers"
Tap Into Green Energy!**

The Krusher provides capacitors that are not only correctly sized for your home load, but also a state-of-the-art “auto adjusting” unit. It consists of multi-stage banks of capacitors, controlled by micro-processors that activate and deactivate the capacitors as required. The result...a more efficient solution that will adjust the electric to the desired 0.97-1.0 power factor range.

A FEW OF THE MANY IN-HOME & OPERATING TESTIMONIALS

“The Power Unit we purchased from you, I am happy to report that we have our first full bill in. Our savings is at least 30% if not more. Glad we did this. It is going to pay for itself this year!” James.

“I have had the power box installed at home for over 120 days now and have realized a significant reduction in my power bill....last month \$218.00...never remember a bill that low in 17 plus years living here and this month \$165.00!!!!!!” Debra.

“I recently installed a Power Miser unit on our home. The summer time is when we receive our largest electrical bills due to the pool pump and air conditioning units running. We saved 33% on our electric bill the first month! The KVAR is an awesome product.” Mike.

\$980.00 installed...and its all added into your home purchase...no extra costs

A 5 year – warranty on capacitors - estimated 10-15 year life expectancy
